Related cases pending in other federal districts

District of Delaware

¹ Plaintiff initially filed several cases in this district at or about the same time, concerning the same United States Patent. At the outset of litigation, counsel's view was that the cases were not related within the meaning of Local Rule 1.6 because although they all concerned the same patent, the facts supporting infringement as to each defendant were necessarily different. Since filing, certain cases have become related because the certain defendants have challenged the validity of the patent-in-suit. Hence, this notice is to make the court aware that there are now related cases in this district within the meaning of Local Rule 1.6.

Arconic, Case No. 1:17-cv-07779-JGK, was the first-filed case as between all related cases. The case was filed on October 11, 2017 at 11:47 a.m. Of the five cases pending in this district, two such cases *Metropolitan Life Insurance Company*, Case No. 1:17-cv-07785-GBD and *Philip Morris International, Inc.*, Case No. 1:17-cv-07787-JMF, have fully-briefed motions to dismiss pending that are directed to patentability under 35 U.S.C. § 101. There is also a Section 101 motion pending in the District of Delaware, *Digi International*, Case No. 1:17-cv-01457-LPS, as well as two pending in the Middle District of Florida, *Masonite Corporation*, Case No. 8:17-cv-02402-SDM and *RTG Furniture Corp., et al.*, Case No. 8:17-cv-02403-CEH. All of these Section 101 motions are directed to the same patent-in-suit and all are currently under review by different United States District Judges.
